

PARKING SIMPLICITY

Enrich the Guest Experience with SMS Valet

Valet parking is evolving. No longer just a luxury amenity, valet parking is emerging as a service necessary to many industries. And SMS Valet, the first ticketless valet system, simplifies and enhances valet operations with patent-pending technology.

RESTAURANTS

Ticketless SMS Valet **elevates the dining experience**, ensuring diners leave with both a positive first and last impression of your eatery. With SMS Valet, restaurant guests drop off vehicles, receive a Welcome Text with a request link, then initiate the car retrieval process at meal's end with just a few finger taps and no apps to download.

HOTELS

Lost paper tickets and forgotten confirmation codes are relegated to the past with ticketless SMS Valet. **Enhancing the stay experience** by streamlining vehicle check-ins and requests, guests can forgo front desk and valet lines by requesting vehicles from their mobile devices, and choose to pay by phone or bill to their room.

SHOPPING MALLS

Shoppers frustrated by the unavailability of parking spaces frequently abandon a trip altogether. But with ticketless SMS Valet, shoppers check their cars in with ease upon arrival and retrieve them by text when done, **eliminating stressful parking experiences** while ensuring more time is spent in stores.

COMMERCIAL

Optimizing executive suite and office building valet processes, SMS Valet technology **improves the tenant experience**. Window mounted XPRESS stickers or key chains allow for quick check-ins, and the Android and IOS compatible SMS Valet tenant app eliminates paper ticket validation and allows for up to 24-hour advance vehicle requests.

RESIDENTIAL

Using window mounted XPRESS stickers or key chain tags, residents enjoy seamless, expedient check-ins and check-outs without waiting in line. Also included is advance requesting, support for multiple vehicles, self-purchase validations for guests and more. SMS Valet's ticketless parking solutions enable a **superior valet and concierge experience**, providing luxury condominium residents with the attention and assistance they expect.

HOSPITALS

SMS Valet's ticketless platform removes paper from the equation, eliminating bothersome validations and the anxiety of lost tickets, offering **hassle-free check-ins and check-outs** when needed most.

SMS Valet provides effortless streamlining of valet services in a variety of applications—**PARKING SIMPLICITY VIA A SIMPLE TEXT.**
